

Born and raised in Chelmsford, MA. I graduated with a degree in Elementary Education from Fitchburg State College in Fitchburg, MA in 1992. In September 1992, I accepted a full-time position at Wentworth Institute of Technology's Financial Aid Office, conducting entrance and exit interviews. In January 1996, I accepted a position within Boston University as a payment plan coordinator within their Bursar's Office. While at Boston University, I took another position within their College of Fine Arts acting as the Financial Aid Coordinator for their Graduate students. In May 2004, I received my Master's degree in Higher Education Administration from Boston University.

At my friend's prompting to move to Florida, I was offered and accepted an Accounting Coordinator position at Florida International University within their Student Financials Office in August 2007.

I have family in Massachusetts and Colorado, so cannot get rid of my winter woolies. I try to head out to Colorado a few times a year to visit with my brother and his family but also to do a little snowboarding. I have been also known to try and hit the links, not as much as my father would like me to 😊 In August 2007, my niece (making her the first grandchild), Samantha, was born making me a true 'Auntie Em.'
