

Florida Association of Bursars   
**FABSAA**  
& Student Accounting Administrators

Margaret has been the bursar at University of North Florida for the past two years. She currently supervises a staff of 8 which is responsible for all collections and billings for the university. In her short time at UNF, her staff has implemented Banner as their student system, and Core as their cashiering system. She is currently testing another facet of their cashiering system that will allow departments to enter their transactions & deposits online. Prior to UNF, I worked at Mohawk Valley Community College (Utica, NY) for 4 years as the bursar. She has over 10 years of experience working as a cashier and staff assistant (responsible for the accounts receivables) at SUNY Institute of Technology. She places an importance of always looking for new ways to improve her office's efficiencies and looks forward to helping FABSAA continue to grow in FABSAA's membership numbers.

Margaret has been married for 26 years and her and her husband have two grown children (21 & 23)—neither married. The youngest lives here in Jacksonville and works as an electrician's apprentice, the oldest is working on his doctorate in philosophy at the University of Albany in New York State.
